DETAILED ACTION

Claims 35-41 and 69-74 are pending in the instant application.

Amendments

The amendment filed on May 7, 2008 has been acknowledged and has been entered into the application file.

Information Disclosure Statement

The Information Disclosure Statement filed on May 7, 2008 has been considered by the Examiner.

Previous Claim Objections

Claim 69 was previously objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant has inserted the optional change from mesylate to tosylate into the base claim and the objection is withdrawn. It is noted that the support for this amendment best comes from page 5 of the specification, step 1) and not page 17, third full paragraph as argued by the Applicant.

Previous Claim Rejections - 35 USC § 112

Claims 35-41 and 69-74 were previously rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. Applicant's arguments have been considered fully and have been found to be persuasive. Therefore, the rejection is withdrawn.

Claims 35-37, 39-41, and 69-74 were previously rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential steps, such omission

amounting to a gap between the steps. Applicant has shown that the steps were not missing since the step is a normal hydrolysis of an amide and the rejection is withdrawn.

Conclusion

Claims 35-41 and 69-74 are allowed.
